

## Marvelous Maintenance Technician

Hotel Zed Tofino is currently looking for a Marvelous Maintenance Technician to join our dynamic, totally unique, and rebellious team.

### Why Us

Working at Hotel Zed is different than working anywhere else, and that is a really good thing. Being a family owned business, we treat our staff like one of our own... (except without the inheritance). So, if you enjoy having fun at work (and doing a great job at the same time!), bring a healthy dose of humour to your job (we draw the line at super soaker spray guns!) and have a can-do, flexible attitude (if you like rigid rules and policies – go work in a bank!) come join the Hotel Zed family!

At Hotel Zed we care about our staff. We are a family run business and we care about you like you're family. Sure, a lot of places say they care about their staff... Here's how we show it:

- Two scholarship programs; one for you and one for your family
- Two free room nights a year at any of our properties
- Treat days and monthly & yearly bonus
- Benefit Plan, including Extended Health, Dental and more after 6 months
- Employee Family Assistance Program
- Peer Recognition Program

### What You Do

As a Marvelous Maintenance Technician, you know that cleanliness and comfort are the most important things we can offer our guests. You go above and beyond to ensure our common areas, grounds, and gardens are always spotlessly clean, well lit, secure, usable, and looking totally awesome for our guests. You work with housekeeping to ensure spotless communication and seamless guest service.

You are a handy person who loves fixing things big and small. You know your way around tools and would love to develop in those skills. You make sure that each space in and around our hotel is ready to wow our guests, both through cleanliness and through extra fun items lying around. You are friendly, genuine, helpful, and ready to assist guests with any needs.

You are an important member of our team; you leave positive, lasting impressions with our guests and are a big part of what makes Hotel Zed one of the best places to work in BC.
